Thought for Today

—it doesn't do any harm to smile and say "Good morning," even if it is raining.

People rarely succeed at anything unless they have fun doing it.

Antioch 'elbow grease' turns sawmill wheel

HUGE STRIDES WERE made in preparing Antioch's sawmill for its July 2 dedication. Almost 100 volunteer workers turned out Saturday and Sunday to line the banks with fieldstone and help Superintendent of Public Works Walt Shepard and Building Commis-

sioner Dick Stroner with other projects. This photo was taken Saturday by Paul Maplethorpe as workers lowered the fieldstone down the bank, assembly-line style. Now the water level is high enough that it supplies the power to turn the wheel.

Hiram Buttrick, looking down from that Great Sawmill in the Sky, must have smiled from ear to ear last Saturday as he watched nearly 100 volunteer workers combine their efforts to put the finishing touches on a replica of the mill he built here in 1839.

And maybe it was impish Hiram who decided, "let's see how dedicated they really are," and talked Someone into making Sunday a gloomy, kind of rainy day.

But most of the volunteers returned anyway, lining the sides of Sequoit Creek with fieldstone and doing other jobs to help complete the new sawmill for its July 2 dedication.

VILLAGE OFFICIALS had asked for members of the community to help finish the community project, and they weren't disappointed. More than 100 tons of heavy fieldstone were rolled down the banks and the sawmill pond was created.

The pond now provides the water that supplies the power which has the mill's wheel turning. The power from the wheel turns the mechanism that operates the saw inside the building.

So, within two months, Antioch will have the state's only working historical project conceived in the 1976 bicentennial year.

MAYOR MIKE HALEY, who worked at the sawmill all day Sunday, said he was extremely impressed at the amount of community participation from all ages of people.

On both Saturday and Sunday, the volunteers ranged in age from pre-schoolers to senior citizens.

The gate which allows the water to supply power to the wheel was opened for the first time by Walter Shepard, superintendent of public works, and Richard Stroner, building commissioner.

"Those two men have worked every weekend for the past 18 months and the pleasure of that moment belonged to them. They were most grateful for the fine turnout of volunteers who were badly needed now that the dedication ceremonies are approaching," Haley said.

MAYOR HALEY SAID there will be another "community work weekend" soon to do landscaping around the mill and the adjacent Gage Brothers Park.

Once completed it will be a historical site that actually will saw wood. School children and others will be able to tour the mill and tourists are expected to stop in Antioch to see the unique project.

Police arrest 4, probe burglary

Four persons have been arrested by Antioch police on charges ranging from bomb threats, to "unlawful possession of a weapon." A burglary at Lakeside restaurant also is being investigated.

Chief Chuck Miller said the combined efforts of Regal China factory officials and the police department led to the arrest of two young Antioch women charged with phoning a bomb threat to the factory.

Arrested were Laura A. Stillson, 18, and Deborah J. Beaver, 19.

Police are using intensive investigation techniques to cut down on the rash of bomb threats called in to factories and schools in the spring of each year.

"The callers often phone in just to get a day off at the expense of the entire factory," Miller said. "Severe action is expected," he added.

A 26-YEAR-OLD ANTIOCH man, Dennis C. Libowski of 305 Hill Court, was arrested on several charges after he was stopped for negligent driving by Police Sgt. Charles Watkins. Chief Miller said that Watkins realized Libowski was wanted on a warrant issued by the county sheriff's department.

He was arrested here for having open liquor in his car, possession of marijuana and having a loaded pistol in his car.

Libowski also was arrested for obstructing a police officer. Miller and Watkins and officer Bob Stemm had to restrain him at the police station before taking him to the county jail.

Miller called it "a good piece of police work" on Watkins' part.

SINCE "WE ALL SCREAM for ice cream," Baskin & Robbins "31 flavors" is putting up a new store on Orchard St. This view shows how the Antioch scene is changing. The old homes on the south side of Orchard are being replaced - for

example, the McDonald's restaurant just east of Baskin-Robbins. The latter plans to open by July 1. The general contractor, A.A. Tsarpalas of Glenview, also will have room for five smaller stores in the new structure.

Fire station bids opened

Village officials and members of the township fire district opened bids Monday night for the new fire-safety building.

No contracts will be awarded until after May 22, when bids on plumbing are opened at the village hall at 7 p.m. The plumbing is being re-bid because only one estimate was available this week.

THREE GENERAL CONTRACTORS presented "base bids" on the building, which will be the new home of the Antioch fire department and rescue squad. Construction might begin in June.

The base bids were \$597,711 from K-Mor Construction of Arlington Heights, \$635,740 from Polonia Construction of Chicago and \$689,990 from Joseph Frett and Son of McHenry.

THE THREE FIRMS also submitted alternate bids on walks, ceiling tile, the basement, casework, partitions, a smoking room and a generator enclosure. These added approximately \$48,000 to \$67,000 to the various base bids.

Heating and ventilating contractors and electrical contractors also submitted bids on various phases of the project. All bids will be studied between now and May 22. F. Michael Sutter, architect, is working with the local officials to determine the successful bidders.

THE VILLAGE BOARD will meet again next Monday at 8 p.m. The park commission meets tonight (Wednesday) at 8 o'clock.

Chamber meets Thursday

retailers.

The meeting is being held in conjunction with a statewide retail theft prevention program coordinated by the Illinois Retail Merchants Association.

Nancy M. Kinas, executive secretary of the Chamber, said reservations are limited and interested persons should call the Chamber office (395-3381) immediately.

Retail theft, one of the fastest growing crimes, is committed mostly by amateurs, an alarming number of whom are only in their teens. It is a \$7.2 billion dollar crime.

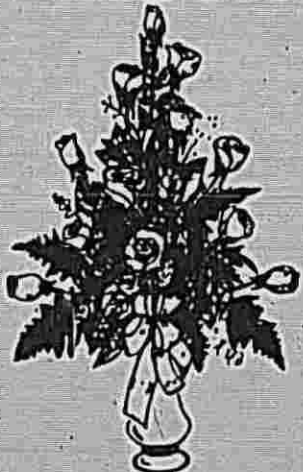

In Illinois losses amount to more than \$900 million each year. Dollar value per retail theft is relatively low, usually less than \$50. The seriousness of the crime is in numbers. Approximately four million Americans are apprehended for stealing from stores each year. They come from all age groups, economic strata, cultural and ethnic backgrounds.

Program chairman William Barr said:

"We have purposely arranged for an evening meeting and held the cost to a nominal \$6 per person to enable you to bring your employees. Speakers include Sergeant Tom Fisher of the Antioch Police Dept. and Michael Gantar, attorney. We are anticipating other speakers from other areas regarding merchants and their responsibility and liability in handling theft."

There will be a cash bar cocktail hour from 5:30 to 6:30 with hors d'oeuvres compliments of Joe Sterbenz, co-owner of the lanes.

Dr. Skidmore at open house here May 21

An open house for Antioch Grade School District 34's new superintendent, Dr. Donald E. Skidmore, will be held from 1 to 3 p.m. on Sunday, May 21, at Oakland School.

Dr. Skidmore, who takes over as superintendent on July 1, will come here May 21 with his wife, Evelyn.

The Oakland School "Parents and Teachers for Kids (PTFK)" are inviting the public, including parents and students in the district.

Oakland School is at the corner of Grass Lake and Deep Lake roads and the "open house welcome" will be held in the gym.

Mrs. Jean Hlavin, president of the PTFK, said "everyone is welcome and refreshments will be served." Dr. Skidmore said he is looking forward to meeting the community of District 34.

'Poppy Days' are scheduled here

The American Legion Auxiliary will hold "Poppy Days" in Antioch on Friday and Saturday, May 26-27.

Mrs. Jack Horan, president of the Antioch unit, said the poppies are made by disabled veterans in Illinois hospitals.

"They derive therapy and income from assembling them," she said.

"Profits from donations are pledged 100 percent to the relief of servicemen and women and their families," Mrs. Horan said.

The Antioch unit, along with Legion auxiliaries from Lake Zurich and Highland Park, entertained 300 patients at a bingo party Apr. 27 at the Downey veterans hospital.

Sue Rathmann was named a temporary replacement for Vera Horton, secretary of the unit for 15 years. Mrs. Horton died in April.

Betty Davis was welcomed into the unit as a new member.

The Antioch group honored its Gold Star members at a meeting last week and is looking forward to a past presidents dinner Tuesday, May 23, at the Waukegan Legion Home.

Police arrest 4

Continued from page 1

PATROLMAN ROBERT LANGE stopped Woodrow T. Edgell, 18, of Lake Villa for a traffic violation and then, according to Chief Miller, discovered that Edgell possessed 57 LSD "hits" and 1 1/2 lbs. of marijuana.

Antioch police also are on the trail of a burglar who broke into the Lakeside restaurant Monday.

Owner George Katris called the police when he opened the restaurant at 6:27 a.m. Officer Harold Mason said entry was gained by breaking the hasp on a side window. Once inside, the burglar pried open the cash register, took \$50 in change and also made off with about \$135 worth of meat.

Post Office to use claim check system

"Mail Claim Check," a new procedure which uses fewer forms and can cut time waiting in line to pick up mail, is being introduced at the Antioch post office.

Officer-in-charge, Mary Chase said the new system will provide customers with a numbered claim check when a letter carrier is unable to deliver special delivery, registered, insured, certified, COD, customs, express mail and postage due mail because no one is home.

The new form serves as both a notice of arrival and claim check for mail that cannot be immediately delivered as addressed.

"Seven forms will be eliminated and be replaced by two," the officer-in-charge said. "Storing the mail for pickup numerically rather than by name will speed up the retrieval time and reduce time spent in line when calling for mail."

She said it is important for customers to refer to the claim check when making inquiries, and that they bring it with them or know its number when calling for mail.

"Mail Claim Check" will be used primarily in offices that have carrier delivery service, but may also be used in some locations where patrons get their mail delivered through lockboxes and general delivery.

Shoplifting is topic of meeting Thursday

Some interesting questions will be raised to Antioch businessmen at 6:30 p.m. Thursday.

That's when the Chamber of Commerce holds its general membership meeting on retail theft, shoplifting and internal theft.

Speakers will include a representative from the Ben Franklin store, a police lieutenant and an attorney. Also in the agenda is Don Nielsen, of the bond and burglary division of Kemper Insurance. Nielsen will talk on white collar crime and pose these questions to the audience:

- Can anyone other than the police detain a shoplifter?
- What actually constitutes the offense of shoplifting?
- Should you allow a person suspected of shoplifting to leave your store?

-- Can you as an individual be sued? For what? And when?

Persons wishing reservations should call Nancy Kinas at the Chamber office, 395-3381.

Kentucky Derby is over ... Next: Indianapolis Roulette

By JERRY PFARR

Some folks follow the horses and auto racing closely all year long, but most of us get excited about those sports only when an event such as the Kentucky Derby or the Indianapolis "500" comes up.

Now that we have lost our \$2 on the Derby, we will be reading the rest of the month about drivers crashing into walls in qualifying trials at "Big Indy."

There's a chance that the 350,000 who flock to Indianapolis for the race will see a death or two this year.

WAY BACK in 1911 a speed of 75 miles an hour was good enough to win the 500 mile race, but now they're flirting with 200 miles an hour. When you get 33 cars going that fast, well - let's face it - there may be only 32 drivers at breakfast the next morning.

Race drivers keep insisting their sport is safer than driving on the highway. That may be true of stock car races at Waukegan Speedway, but the list of "big-time stars" who are dead is almost as long as the list of those still alive.

SOME OF THE TOP sportswriters in the country call the "500" Indianapolis Roulette ... a form of possible suicide that has contributed nothing to passenger cars except the rearview mirror.

"Big Indy" does provide its lighter moments. Recently they lined up a balloon race to commemorate the balloon event that preceded the 1909 auto race.

But one of the balloon jockeys fell out just as his contraption was taking off and it lurched along at a low level. Then it thudded against one of the symbols of

Speedway elegance, an outdoor john. Only this was a jane, with two ladies in occupancy, and when it tilted over they came shrieking out. They said they were planning to sue.

THEN THERE WAS Graham Hill, a suave and cultured Englishman who came over to try the "500." A top race official bounced up to him one day and said gaily:

"Well, Graham, what do you think of our little place?" He found out.

"I don't like it," Hill said bluntly.

"Why...why?" said the shocked official.

"It's the bloody men's conveniences," said Graham. "They have no doors. Why, not only is it embarrassing, it's downright barbaric!"

The next day there were doors on the conveniences.

JUST PRIOR TO ONE of the auto races, three speedboat drivers were killed in the state of Washington. This gave a sportswriter a brilliant idea. He suggested:

"Let's flood the Speedway in the fall and see if we can't entice the cool of Memorial Day fans back for another go at gore. Our place would be so big we could even stock it with sharks."

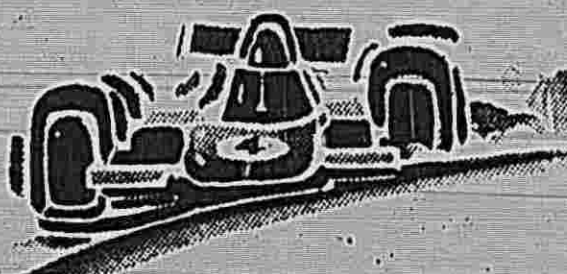

The hundreds of thousands who flock to Indianapolis probably don't realize it themselves, but most wouldn't be there if there weren't the chance of a spectacular accident.

What do you think the attendance would be if those cars had been going around and around for the last 69 years without a crash or a car bursting into flames?

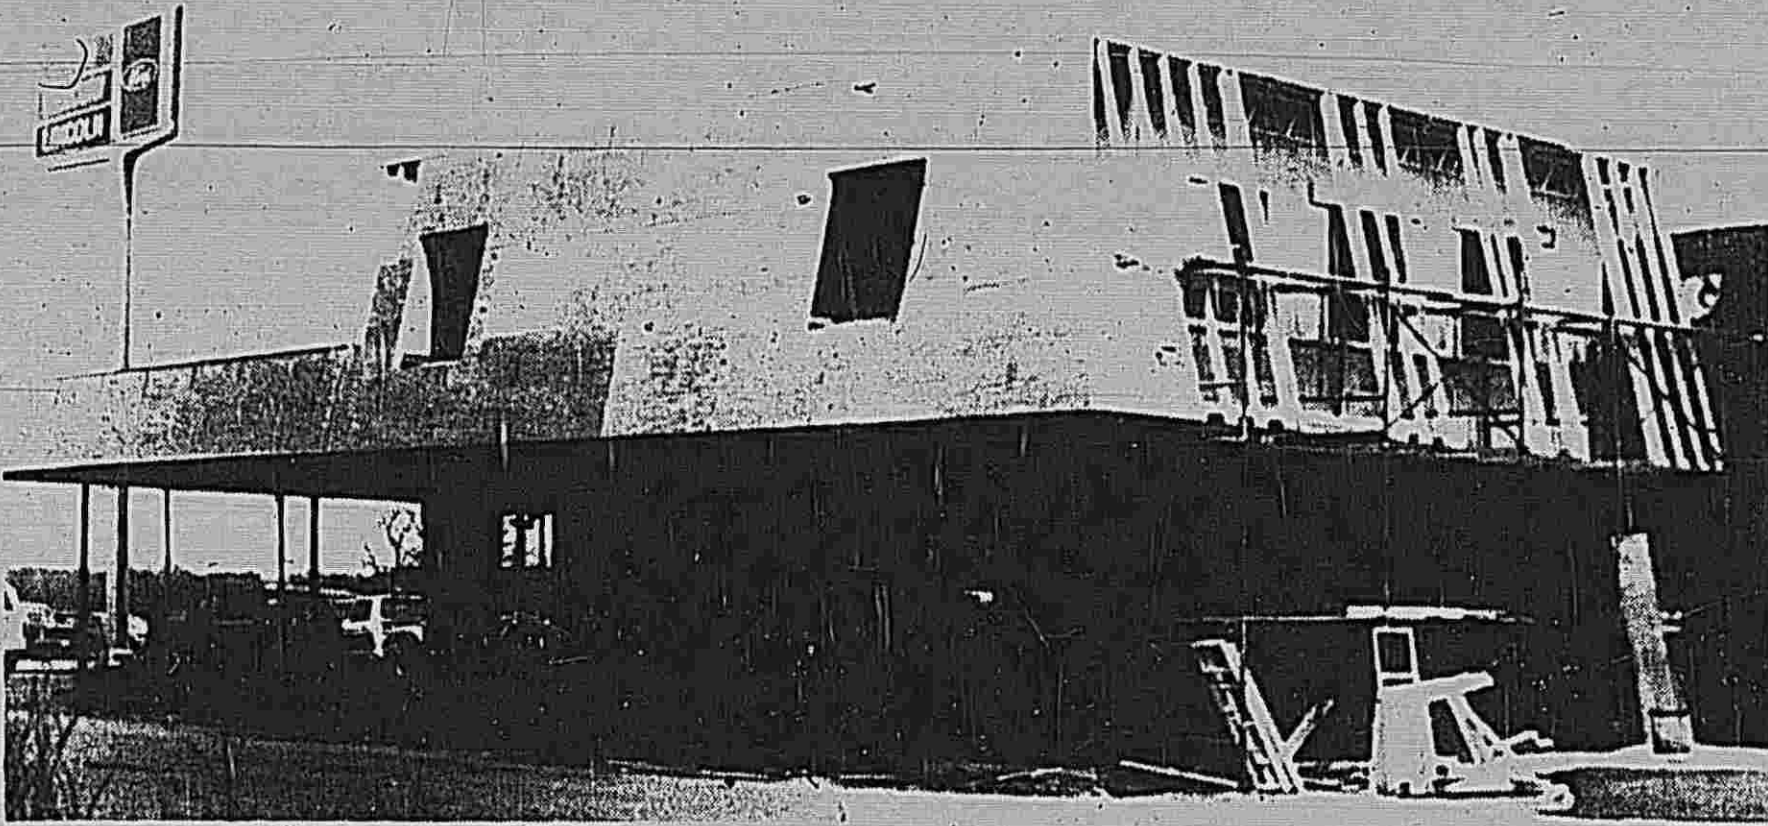

BE HONEST. Would you go over to Interstate 94 and watch them drive past?

Why, we wondered, would a driver go to all that expense and trouble, and risk his life just to be one of those 33 who qualify for the big event?

Then, it came to us. Of course! To get a parking place.

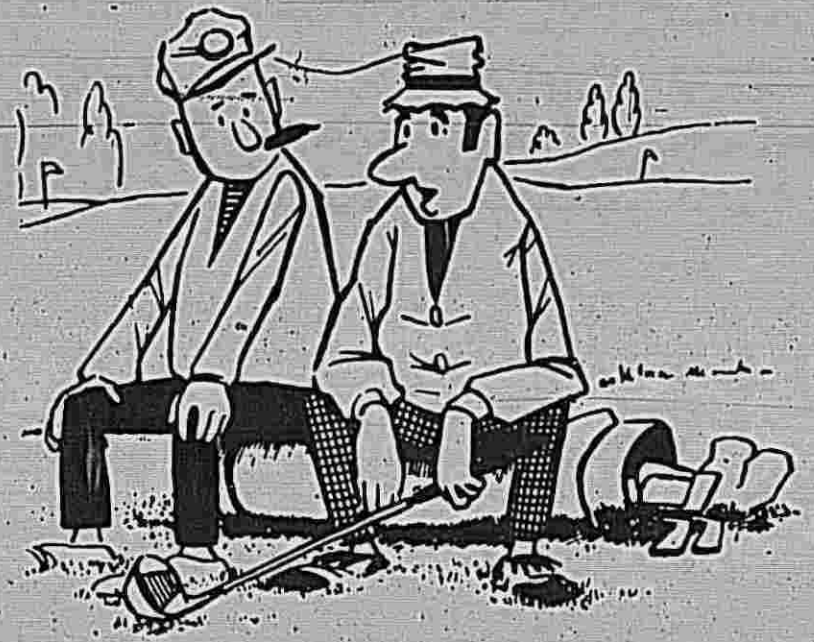

The man who never makes a mistake is the man who never does anything.

AN ATTRACTIVE ADDITION is being made to the Lyons-Ryan Ford Lincoln Mercury building on Rte. 173. Pat Ryan, an officer of the firm, said the 1,800 square

foot addition will provide office space and more automobile showroom.

Oakland School offers physical exams May 20

Oakland School's "Parents and Teachers for Kids" organization will offer physical examinations Saturday, May 20.

All students entering kindergarten, first, fifth and ninth grades require a complete physical before the school year begins. Many camps also require physicals as do all sport involvements.

On May 20, from 9 a.m. to 5 p.m. the cost will be \$10, cash only.

Dr. Robert Barnes and his staff will be at the school, corner of Grass Lake and Deep Lake roads, to administer the physicals.

Parents must bring the child's physical form, filled out. Immunizations will be available.

Chamber to help folks find jobs

The Antioch Chamber of Commerce and Industry is now offering "an employment service" in collaboration with the Illinois Department of Labor.

A listing of available jobs will arrive daily at the Chamber office (formerly the township office) at Main and Orchard streets.

Interested persons can view the openings on a microfilm screen.

JOYCE CLEMENT, EMPLOYMENT service manager representative from Fox Lake, said the listings range from executive job openings through skilled, semi-skilled and labor.

"We want to keep local applicants in the Antioch area," she said, "so we hope employers will contact the Chamber and take part in the program. There is no fee; this service is paid for by state tax dollars."

Nancy Kinas, executive secretary of the Antioch Chamber, can be reached at 395-3381 from 9 a.m. until 2 p.m., Monday through Friday.

"PEOPLE LOOKING for jobs can be assured their search will be kept confidential," she said.

Mrs. Clement said there is always a particular need for secretaries who can type 45 to 50 words a minute, as well as mechanical draftsmen, machinists, and tool and dye makers.

All about town ...

By LINDA WALKER

Believe it or not, but the Las Vegas Restaurant is busy remodeling again.

Last year they completed an extensive remodeling project on their store front and dining room.

Now, brothers John and Chris Katris are knocking down walls to enlarge their dining facilities to seat 40 additional people. The back entrance (off of Broadway Street) will also be decorated with the driftwood stone that enhances the front entrance of the fine restaurant.

When I talked with John he seemed very pleased with the growth of Antioch and wants to grow along with the town.

THIS SUNDAY is Mother's Day as I'm sure everyone knows. It's probably the only time of year that you stop and remember childhood fun and special chats with someone who really cared - your Mom. That's why she

deserves special treatment on her special day.

So I add my best wishes to all Moms ... Happy Mother's Day.

BE WISE: ADVERTISE

Decide body in river was suicide

The man whose body was found on Tuesday of last week in the Fox River, near Fox Lake, apparently died of a self-inflicted wound, authorities said.

He was identified as Larry Bique, 25, of Ingle-side, by Edward Allsopp, 29, a stepbrother.

An autopsy revealed a gunshot wound in the forehead.

Because of the gunshot wound and the fact that he had weights around his waist, some of those who retrieved Bique's floating body from the river suspected that he might have been murdered.

The Lake County sheriff's office said Bique, whose family reported he had been despondent, was last seen Apr. 15.

A car belonging to Bique was found Apr. 24 at the Milwaukee Road station in Fox Lake, about five miles from where his body was found.

Investigators believe Bique walked to the Grass Lake Road bridge west of Rte. 59 after he parked his car.

Detective James Hession of the sheriff's office said a handgun was found on the bridge Apr. 16.

The weapon, according to Hession, had been identified as belonging to Allsopp.

Hession said if the gun had not been turned into the sheriff's office, "we would have had an unexplained death on our hands."

Antioch getting up a parade for July 2

Floats, decorated or antique automobiles, and marching units are being sought for the Sunday, July 2, parade leading to the dedication of Antioch's Hiram Buttrick sawmill.

Merchants and organizations interested should contact Jimmie Quedenfeld, parade chairman, at 503 Naber Ave. His phone number is 395-1355.

One of the more ambitious productions ever to be performed on the Antioch High School stage will open this weekend when "Scapino" comes alive for Antioch theatre-goers.

"Scapino" is a modern day version of the Moliere farce, "The Misadventures of Scapin," and features Lori Rush in the title role of the scheming conniver who loves to meddle in the lives of others.

Antioch Girl Scouts tops in first aid

Six girls from Girl Scout Cadette Troop 213 participated in the annual first aid meet hosted by the Lakes District of the Boy Scouts of America.

There were 20 patrols from Boy Scout troops throughout the district and one Girl Scout patrol.

The patrols were graded on how they analyzed and treated patients in four separate first aid problems. The girls, Kathy Geist, Jill Harland, Kim Heath, Lore Noethling, Laura Sankay and Tammy Schulenburg, scored perfect on three of the four problems and had a total score of 923 out of 960 points.

They were chosen the best patrol in the meet and were awarded the first place ribbon.

All of the girls in Troop 213 are working on the "first aid badge" under instruction of Dick and Pat Harland, Cadette leaders, and Nancy Harland and Helene Noethling, junior instructors.

TWO CATERPILLARS were crawling across the grass when a butterfly flew over them. They looked up, and one nudged the other and said: "You couldn't get me up in one of those things for a million dollars!"

GEMINI [May 21-June 21] - Unique ideas can be profitable; think seriously about new ways and means of developing a more substantial, profitable career. Personal magnetism is increased.

CANCER [June 22-July 21] - Use sound judgment in business undertakings or beginning an important speculation. Ambitions are hard to hold down now so surge forward.

LEO [July 22-August 21] - Give more importance to the know-how of those you trust; not a time to display leadership abilities. You fare best by letting others take the lead while you lay the groundwork.

VIRGO [August 22-September 22] - Good acquaintances bring out your finest qualities; make an effort to meet new people and cultivate new associations.

SCORPIO [October 23-November 21] - You may be inspired by some rather unusual ideas, new courses of study which have a philosophical or religious slant. Others are envious of your new approach.

SAGITTARIUS [November 22-December 20] - Use your ingenuity, keen reasoning abilities to further business aims. Creative ideas can be fortunate. Loved ones are willing to assist and partnership deals are favorable.

AQUARIUS [January 21-February 19] - Competition is too stiff to argue with associates now so avoid any situation which causes dissension. Concentrate more on community affairs and projects.

PISCES [February 20-March 20] - Most all creative projects which require the companionship of those close to you go well now. Young people have a tendency to gravitate toward you.

Along the way with ANNIE MAE

Lloyd Pedersen of Antioch is now singing in the Chicago area with the Wayne King orchestra.

Lloyd and the orchestra began appearing at the Sabre Room, 8900 West 95th St., on Monday and will be there through Friday.

On Saturday, they perform at the Chateau Royale, 5743 W. Chicago, then on Monday it's the Drury Lane theatre in McCormick Place.

The best news of all, for Antioch friends who would like to hear Lloyd sing again, is an appearance next Tuesday at the Leisure Center in nearby Zion. The music starts at 8 p.m.

RECEIVED A POSTCARD from Irvin Pedersen, who spent the winter in Everglades City, Fla. For the summer, Irv will be heading for Fairchild, Wis. We appreciated his comment about our newspaper. "We've enjoyed every issue," said Irv.

WE ALSO HEARD from Elfrieda Mau, who is living in Blue Island, Ill.

"I sure do enjoy my Antioch News," she said, "and reading about all my friends and seeing their pictures. I hope I will get there to see some of you this summer."

TWO OF THE WORLD'S great moms are celebrating their birthdays this week, just before Mother's Day.

Lucille Pfarr will be surrounded by members of her large family, including some mighty cute great-grandchildren, when they celebrate her birthday in Kenosah on Thursday, the 11th.

And Nancy Georgeson, the mother of four handsome young sons, had a birthday on Monday of this week. Nancy's husband also is handsome ... well, sort of, anyway.

Gosh, we almost forgot ... lucky the gal at the next desk reminded me. Today (Wednesday) is Sue Haley's birthday. Being the wife of Mayor Mike Haley, lovely Sue is the village of Antioch's "first lady."

SURE HOPE GREGG PAHLKE is feeling better after his trail bike accident of a week and a half ago.

Gregg, 14, is in traction at Victory Memorial Hospital and might miss graduation night, June 5, at the Upper Grade School.

His parents, George and Marg, have been beating a path between here and Waukegan to visit Gregg. You can cheer him up with cards and letters to room 668 at Victory.

Gregg was a star wrestler at the Upper Grade School and the high school coaches are looking forward to his arrival next fall.

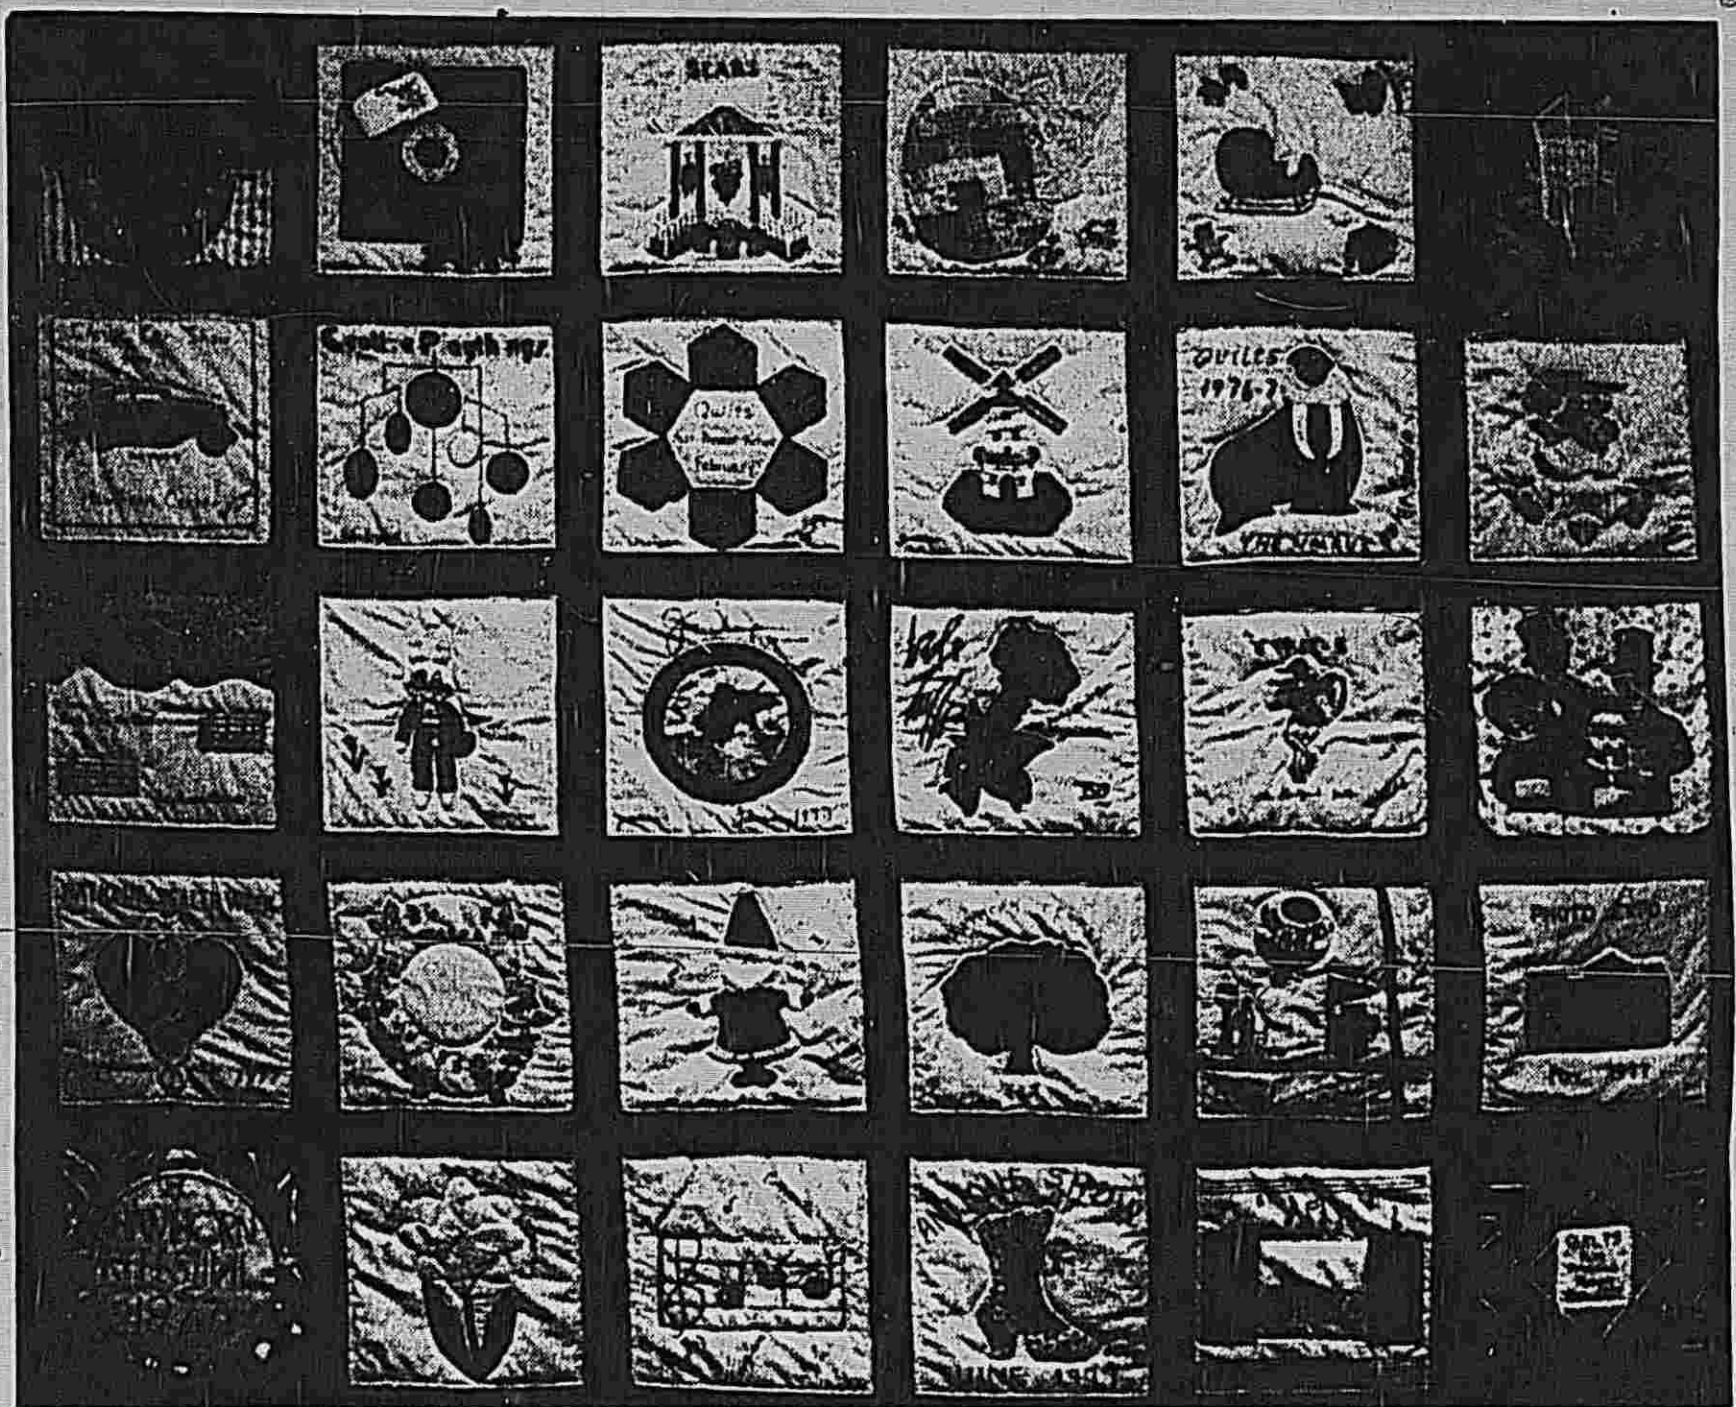

DON'T MISS Linda Walker's "All About Town" column in today's paper. Our ad manager's columns have become a popular part of the Antioch News.

Above all, don't miss Linda's last paragraph this week. We loved it.

CONGRATULATIONS TO Kathy Walsh and Dave Gutowski, who were chosen king and queen of Antioch High School's prom last Saturday.

The event, "You Light Up My Life," was held at the Arlington Park Hilton.

Members of Kathy and Dave's court were Agnes Giordano, Bill Ranker, Carole Kurzin, Roger Korjenek, Kitten Vaughan, Danny Grichton, Jack Fields and Andrea Kleban.

ONE OF THE OLDEST traditions of quiltmakers throughout our country is the making of a friendship or album quilt, where people, places and events are recorded in "blocks", each one of which has been sewn by a different individual. The Hawthorn Friendship Quilt is a happy example of this tradition. Highlighting the center of the quilt, is the Seal of the State of Illinois, with the signature of James Thompson, Gov. Ann Connors, Martha Fallon and Eileen Zannini of Antioch were three of the 27 ladies involved in its making. The quilt is on permanent display in the mall at Hawthorn Center.

State Bank helps sponsor fascinating television program

William E. Brook, president of the State Bank of Antioch, has announced that the third CBS television special in a series on "The Body Human" will air on Thursday on WBBM-TV Channel 2 sponsored by the State Bank through the American Bankers Association.

As in the earlier two specials, "The Miracle Months" and "The Red River," this television first will feature new and unique photographic techniques. It will be aired on all CBS-affiliated stations.

In "The Vital Connection", the viewer will walk between and among the 200 million circuits that control human coordination, see actual nerve cells reach out for each other within the human brain, and take a trip in to the specific areas that control and marshal sleep and sex, motion and mental activity.

THIS NEW EPISODE of "The Body Human" travels into the intimate world of brain surgeons and researchers. Through it, the viewer will listen to nerve cells speaking to each other through tiny microelectrodes that translate brain impulses into intelligible messages, and discover that the simple act of pressing an elevator button involves a tracking and guidance system that makes the most complex ICBM rather

simplistic.

Included in the special are the stories of real people - a young woman in her twenties seeking relief from an uncontrollable tremor through brain surgery, the decision for a 10-year-old girl slowly going blind from pressure on brain pathways controlling sight, and the last ray of hope for a strong able-bodied 20-year-old man experiencing dozens of epileptic attacks daily due to a foul-up in his brain's circuitry.

THE STATE BANK of Antioch is sponsoring "The Body Human" series of TV specials in cooperation with the American Bankers Association national trade group, which represents 13,252 full-service banks, 92 percent of the nation's total.

Plan to hike hunting, fishing fees

Passage of two new bills to raise Illinois hunting and fishing license fees "would greatly aid Department of Conservation efforts to enhance existing fisheries management programs and embark on new ones," said David Kenney, conservation director.

The bills would strengthen conservation law enforcement, provide more places to hunt and fish, expand and diversify fish stocking, provide better wildlife habitat and more game," Kenney said.

The proposed fee increases contained in House Bill 2490 would boost the resident hunting license fees from \$3 to \$7, and House Bill 2491 calls for a hike from \$2 to \$5 in the resident fishing license.

The proposed increases would generate an estimated \$5 million annually in additional revenue for the state's fish and game fund, which must be spent exclusively for conservation purposes, Kenney said.

'This week's fishing report'

Fishing is "slow to poor" on Grass Lake and the Fox River, according to the Illinois conservation department.

This week's report said that, on Grass Lake, bullheads are biting on worms and most channel cat catches are coming from shallow areas.

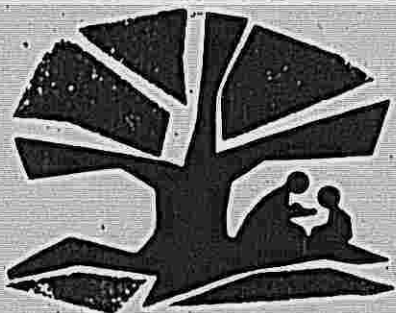

On the Fox River, the report said, minnows are effective bait for 1½ lb.

walleye in the deep water areas. Fishing for other species has been slow due to high water.

Carp fishing is described as average at the Illinois Beach ponds in Zion. "Best fishing for most species has been in the weedbeds and near stumps. A few rainbow trout are being taken from Bull Creek," the conservation department said.

Broccoli is one of the best sources of vitamins, iron, potassium and riboflavin and it has very few calories.

Dubek to play for school in Kansas

HAYS, Kan., - Bill Dubek, 6-5 guard from Antioch, is the first recruit to sign with the Fort Hays State University basketball team, it was announced by Coach Joe Rosado.

Dubek last season led Antioch High School to a 21-6 finish, an undefeated league title and to a state tournament sectional title.

A two-year unanimous all-conference selection, he was the team and conference scoring champion with a 22.3 point average. Named most valuable player in Antioch, he also received Lake County "player of the year," All-State special mention and Chicago Tribune "Prep of the Week" awards.

Dubek broke a 16-year-old school record for most field goals in one game and tied the existing record of 43 points in a contest. He also scored more than 30 points in a game six times.

"WE ARE VERY PLEASED to get a guard of Billy's ability and outstanding basketball background," said Rosado. "He not only comes from one of the best basketball areas in Illinois but is a fine shooter and should compliment our returning players very well."

Rosado said he feels Dubek will be "an extra bonus by coming in as a freshman and being associated with the Tiger program for four years."

"Dubek is an outstanding shooter and has the size to play our number two guard position. We think he is going to be a big plus for us," Rosado said.

with JERRY PFARR

I knew you'd be interested to hear that I played my first round of golf of the season last week and lost only \$5.30 and two new Titleists.

I figured that I would lose, because I was in pretty fast company. The foursome included John De Santis, former Kenosha County champion and now the pro at Nippersink Manor; Mike Smolinski, the winningest tournament player in Kenosha in recent years and one of the state's best amateurs; and Jerry Clausen, of Denver, a golf course consultant for the National Golf Foundation who wrote the book, "Bob Rosburg on Putting." Clausen's scores linger disgustingly between 68 and 72.

I FIGURED if I dropped those names, you'd think that I must be a pretty good player myself.

Actually, some of the nasty remarks of the others, as we played at Nippersink in western Kenosha county, were quite embarrassing. As I left, completely humiliated, I said:

"So long, guys ... see you next year when I play my next round."

"Make it late next year," said Smolinski.

AND THEN there was the remark by DeSantis after I had stroked a 40 foot putt and it ran 20 feet past the hole. "Gosh," he said, "if you could only harness that power."

On the 5th tee, when I hit my first fair drive of the day, they all applauded and cheered. (My friends feel that any acceptable shot by me is a cause for celebration.)

They went wild again on the 12th hole when I hit my second decent shot ... a 4-iron that stopped two feet from the hole.

I missed the putt.

BEFORE THE RECENT televised "Legends of Golf" tournament, for champions who are now 50 years of age and over, two-time U.S. Open champion Julius Boros was

playing a practice round with an amateur.

The amateur kept shanking, sending shots where they weren't supposed to go.

"What should I do about this shanking?" the amateur asked.

"Allow for it," replied Boros.

BASEBALL COACH Tom Baba encourages one of his players to score in last week's doubleheader against Grant here. The Sequoits were battling Grant for the conference lead, but lost 13-12 and 5-2.

"I'll bet you wish you could fire me."

Launching a new prepared cocktail recently, an ingenious group developed a unique plastic-shielded glass bottle that reduces breakage and retains the chill. Thanks to Schenley these Cocktails For Two offer Americans two oversized prepared drinks of 12 different types from Martinis to Margaritas, and Daiquiris to Pina Coladas.

Sequoit '9' aims to bounce back

Antioch High School's baseball team didn't enjoy losing a double-header to Grant's Bulldogs last weekend, but the Sequoits still plan to enjoy some victories.

They plan a single game at Cary-Grove on Thursday then travel to Stevenson for a doubleheader on Saturday.

Coach Tom Baba's team will play its first regional tournament game here, next Tuesday, against North Chicago.

LAST SATURDAY'S TWIN bill against Grant was a showdown for first place. Pitchers took a beating in the opener as Grant outslugged Antioch 13-12.

The Sequoits had 13 hits, including home runs by Brad Masopust, John Eder and

Bill Dubek. Steve Bies connected for a triple and Scott Gallagher punched three singles.

Antioch trailed 13-8 before scoring four runs in the bottom of the seventh. Doubles by Tom Dixon and Masopust, and Bies' triple were the big hits, but they fell just short of tying it up.

In the second game, Grant won 5-2. That left the Sequoits with a 7-5 record in the conference.

LAST THURSDAY, Antioch lost a non-conference game at Lake Forest 2-0. Losing pitcher Scott Schroeder gave up just two hits but his teammates managed only three themselves.

Zitkus stars on mound for CLC team

The College of Lake County baseball team got ready for the state tournament Sunday by winning its sixth annual invitational meet behind excellent pitching and defense.

The Lancers gave up one run and committed only one error in 19 innings to beat Elgin 5-0, Wauhonsee 2-0 and Oakton 6-1.

Lake County will play the College of DuPage Friday noon in its first game of the double-elimination tournament at Lincoln, Ill.

Left-hander Dave Zitkus of Antioch pitched his third shutout in a row for CLC against Elgin.

Zitkus, now 5-1 with a string of 24 scoreless innings, allowed two hits and struck out 11.

Today's Brightener

Speedway has some new stars

It was a night for firsts at the Waukegan Speedway last Saturday. Five drivers took home their first "check-ered" of the season and both feature winners won their first main events of the year.

Frank Dowell of Waukegan won the 25-lap late model feature.

Dowell led the finishers across with Jim Zwirdgas coming in second, and Danny Brown third.

The race was interrupted three times by caution flags. The race required a complete restart when last week's feature winner, Tom Homan of Antioch, lost his steering in turn four coming around for the green flag.

Homan had fast time for the night with an 18.58 second clocking on his final lap of qualifying.

The trophy dash featured something unusual when Jan Brennan had his hood pop up on the second lap while he was leading. It did not bother him as he proceeded to look out of his window and drive on to his second dash win of the season.

Trackmen shatter school records

Conference meet here Saturday

Antioch High's track and field team set five new school records in the past week.

One of the standouts was basketball star Brian Andrews, who also displayed speed and form on the track as he placed second in the Lake County championship meet. Andrews whipped over the 330-yard low hurdles in 39.6 seconds. The old school record was 40.1.

The only county runner able to beat Andrews was North Chicago's state standout, Tyronne Jenkins, who set a new county mark of 37.6.

ANTIOCH'S TEAM, coached by Norm Hahn and Greg Collins, tied for seventh in the 19-team county meet. North Chicago won.

Chris Ano, who earlier in the season set an Antioch high jump record of 6 feet 5 inches, went 6-5½ in the county meet to top his own mark.

At the Harland Sophomore Invitational meet last Friday, Andy Dugenske set a new Antioch freshman record by running the 440 in 53.5 seconds. The old standard was 54.1.

Antioch's young 440-relay team of Dirk Millsop, Mitch Case, Pete Jung and Denis Flaschner set a sophomore school record of 47.2 seconds.

DUGENSKE THEN JOINED Millsop, Case and Flaschner in setting a new school sophomore record of 3:40 - an average of 55 seconds per 440 runner - in the mile relay.

Other winners in the Harland meet were Brian Beal in the high hurdles, Millsop in the low hurdles and Mike Tomany in the pole vault.

AMONG ANTIOCH'S STARS in the county meet were Mike Harr, who won the discus with a throw of 154 feet 1½ inches.

In a dual meet last week, Grant upset Antioch 72-69 - the Fox Lake track team's first win over the Sequoits in 15

years. Antioch came back to trounce Wauconda 101-38 and Lake Zurich 92-48.

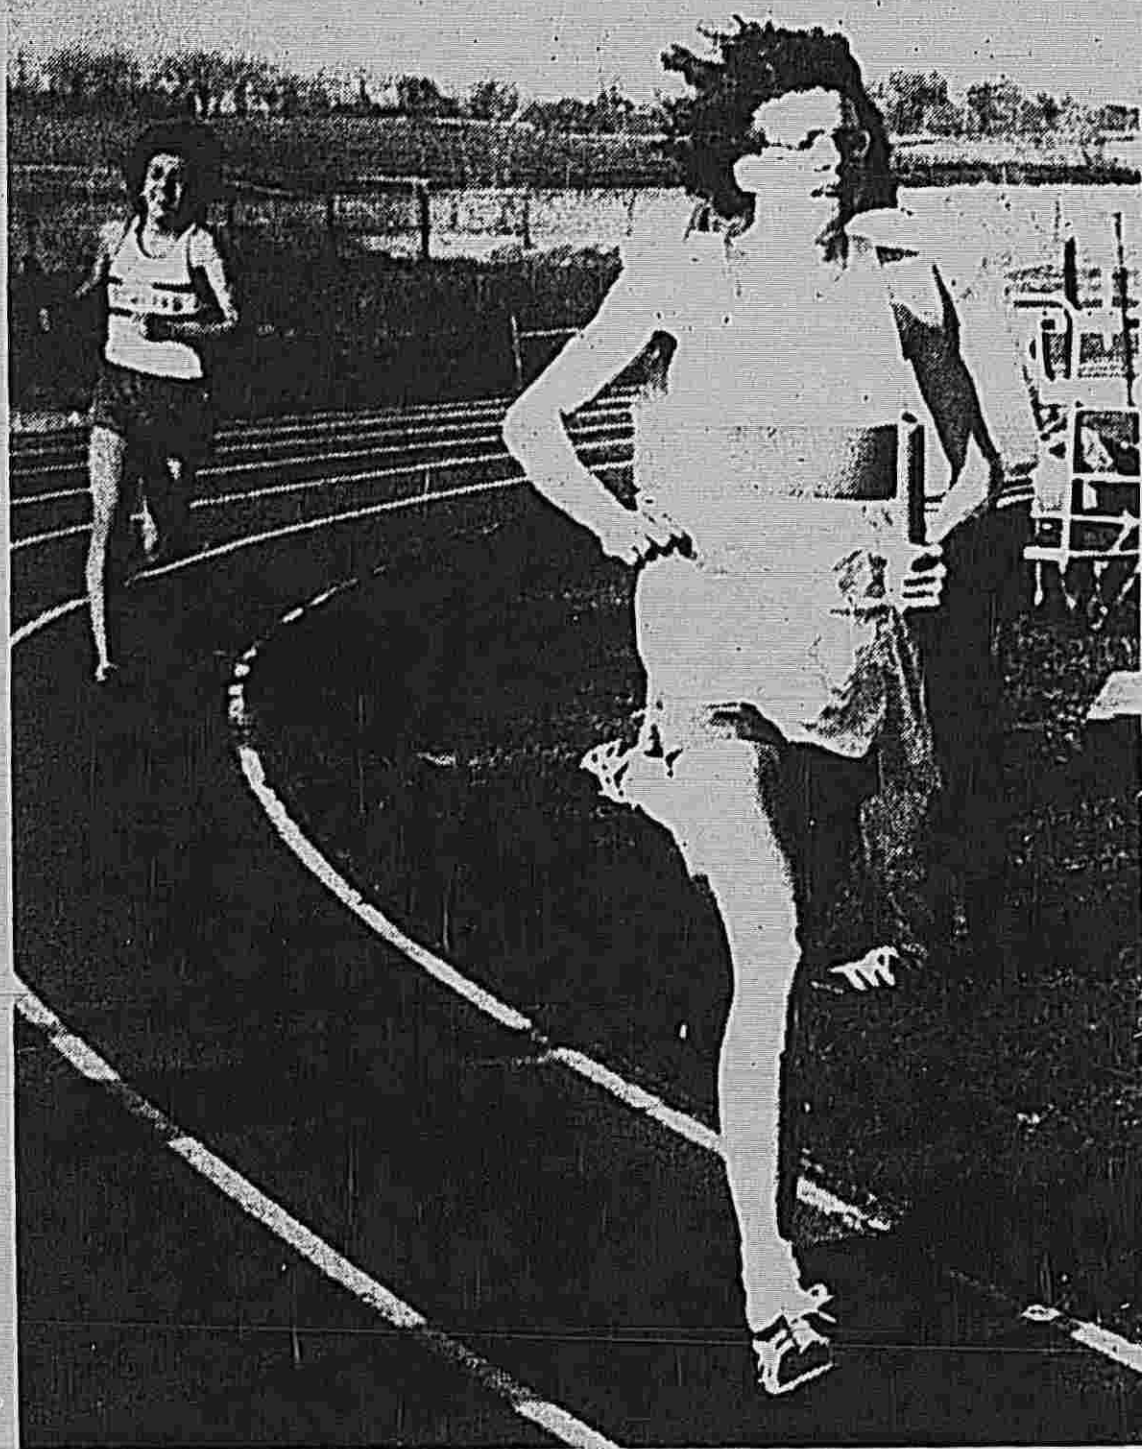

Antioch will host the North Division championships of the Northwest Suburban Conference Saturday. Prelimi-

nary running and field events begin at 11 a.m.

Harr and Antioch's Tracy Sodman rank among the favorites in the discus throw. Sodman was fifth in the county meet.

BRIAN ANDREWS OF ANTIOCH (left) passes the baton to Jim Crutchfield in the 440-yard relay against Stevenson's Patriots and the Wauconda Blue Streaks. Andrews and Crutchfield will be among Antioch's top performers in the short, fast races of this Saturday's conference meet here. (Paul Maplethorpe photo.)

OUTDISTANCING HIS RIVAL in a relay race is Antioch High trackman Mark Biel.

Antioch girls win softball thrillers

Antioch High's girls softball team bounced back with impressive wins last week, beating Wauconda 24-12 and McHenry 4-3.

The girls had won only three of their first 11 games. They trailed at Wauconda 9-8 until they came up with 15 runs on 14 hits in the seventh inning.

Against McHenry, the Antioch team trailed 3-0 but scored four late runs to win. Coaches said Monika Lukas pitched her best game of the year.

Sandy Bohlman contributed a home run. Kathy Ogden hit three singles, and Shelly Wix singled home the winning run.

The Antioch girls finish their regular season with games at Lake Zurich and Lake Forest Thursday and Friday. State tournament play begins next Monday at McHenry.

'Tis the season for high gas prices

Average prices of premium and unleaded gasoline hit all-time highs in this area during the past two weeks as seasonal price hikes began to show at the pumps.

The Chicago Motor Club's latest survey showed that the average price of premium advanced one cent to 75.8 cents a gallon, while unleaded was up eight-tenths of a cent to 72.9 cents a gallon at stations checked.

Regular was up six-tenths of a cent to 68.7 cents a gallon, but was short of the 69.3 cent average posted last December when the RTA 5 percent tax went into effect.

Previous Chicago area highs were 75.6 cents for premium and 72.7 cents for unleaded both reached when the RTA tax, which averaged about three cents a gallon, was imposed.

Average prices a year ago were: regular 65.1 cents, premium 71.2 cents, unleaded 69.6 cents.

THE TOWN CRIER

WE DIDN'T REALIZE it until last Saturday but the date was May 6, 1978, and we all were writing it 5-6-78.

Something like that won't happen again until June 7, 1989, when it will be 6-7-89.

Fascinating?

IF YOU THINK Joe Namath has lost his influence, you haven't looked under the big sign "Men's Needs" at the local A&P store. All that was there last Friday was an assortment of panty hose.
